Pricing above includes Extensive Rebuild/Major and Standard Rebuild/Minor services when applicable. A major rebuild service includes the minor rebuild service components (seals, elastomers, filters & other basic wear items) plus major replacement parts, e.g. rotary vanes. Company policy is that if the repair is within 10% of the above printed price we will continue the repair without requesting approval. If it is higher than 10%, service will be stopped until the larger quote is approved. We have a minimum evaluation fee of \$325.00. This fee only applies if we evaluate and the customer requests that item be returned without service.

Pricing above includes Extensive Rebuild/Major and Standard Rebuild/Minor services when applicable. A major rebuild service includes the minor rebuild service components (seals, elastomers, filters & other basic wear items) plus major replacement parts, e.g. rotary vanes. Company policy is that if the repair is within 10% of the above printed price we will continue the repair without requesting approval. If it is higher than 10%, service will be stopped until the larger quote is approved. We have a minimum evaluation fee of \$325.00. This fee only applies if we evaluate and the customer requests that item be returned without service.
